EBAA Virtual Safety Summit 2021

13-14/12/2021

#SafetySummit21

EBAA shifts Annual Safety Summit from Physical to Digital.

01 December 2021, Brussels. Due to the increase in COVID-19 cases in Europe, the European Business Aviation Association (EBAA) today announced the shift of the Annual Safety Summit from a physical, to a virtual Summit on December 13-14th, the previously planned dates for the event.

The association revealed a digital programme on its website. The two-day lineup will feature an opening keynote by EASA Executive Director Patrick Ky and several sessions focusing on trends in Business aviation safety, ground-operations and threat-line auditing.

"This continue to be a very challenging situation, and the health and well-being of our attendees and speakers remains our highest capacity." Said Robert Baltus, EBAA Chief Operations Officer. "We decided that, in the current epidemiological situation, we had to take a pro-active stance to showcase that safety remains our prime concern." He continued.

Attendees already registered will be automatically signed up for the virtual Safety Summit. The attendance is free of charge and tickets will be reimbursed by EBAA. Registrations are open and interested parties are welcomed to register on this event website.

This year's main topic is

Annual Conference: the place of plastic in a green world - multilingual Example

Tax/VAT

English

Set up tax rates and application rules

Define hereunder the list of conditions and applicable tax rate to apply to your registrations. The conditions are evaluated in their list order. If the condition is met, the tax rate is applied, else, the next one is evaluated. If no condition is met, no tax will be applied. You can drag and drop the conditions to change their order based on your requirements.

Please note that several conditions might be true for one single registration. In that case, the first condition will be applied by default. You can drag and drop the conditions to change the order based on your requirements.

Enter applicable VAT rate. Set advanced VAT options to set different rates depending of the registrants country and the country where the event is held (see EU VAT regulation for more details).

Name
Tax/VAT

The prices set are
Tax/VAT excl.

Has a tax/VAT number?	To evaluate	Condition	Rate	Text to be inserted in the invoice
Indifferent			19%	
Yes	Tax/VAT number	EU countries	20%
